DATA SUMMARY - Music

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC

HEADS Data Summaries in Music for 1986-87 are compilations of data generated from the 1986-87 Annual Reports required of all member institutions of the National Association of Schools of Music. Also included is information from a group of non-member institutions who volunteered to participate in the HEADS survey.

The data are generally separated by size (number of music majors) and type (public or private) for NASM member institutions, with separate categories for non-members. There are also Data Summaries divided by highest degree granted in music; several Summaries combine all data into a single category. The 1987-88 salary data, coupled with the 1986-87 salary dat.. in Charts 14-16, 20-21, and 45-49, will provide a consistent number of respondents useful for trend analysis.

If you have any questions or comments about the HEADS data system, please call (703) 437-0700, or write to HEADS at:

11250 Roger Bacon Drive, #21
Reston, Virginia 22090

The Higher Education Arts Data Services (HEADS) project is a joint activity of NASM, the National Association of Schools of Art and Design, the National Association of Schools of Dance, the National Association of Schools of Theatre, and the International Council of Fine Arts Deans.

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC ENROLLMENT

Chart 1 to Chart 4 provide information on music major enrollment, number of degrees awarded in music, and percentage of credits generated in courses designed for non-music majors.

Chart 1 includes the number of institutions offering a specific major, music major enrollment in specific areas of concentration for Summer 1986 and Fall 1986, and the number of degrees awarded during the period July 1, 1986 to June 30, 1987. The areas of concentration and total rows include only NASM member institutions. Non-member institutions are combined in the "TOTAL: NON-MEMBERS COMBINED" rows throughout the section.

EXAMPLE: Music Chart 1-2, Bachelor of Music Degree Programs. During 1986-87, 174 institutions offered areas of concentration in Brass, enrolling 171 major students in the summer and 1,488 major students in the fall, and graduating 253 brass major students between July 1, 1986 and June 30, 1987.

Chart 2 is a synopsis of Chart 1 by size and type of institution. Each page of Chart 2 includes a different category of member institution by number of music majors and type of support. Charts 2-1, 2-6, and 2-11 are composite charts for all member private, member public, and all member institutions respectively. Charts 2-12 and 2-13 include only non-member institutions. There is also a figure in each chart for total enrollment (all programs) in that category of institution.

EXAMPLE: Music Chart 2-8, Public Member Institutions, 101-200 Music Majors. Fifty-five schools in this category offer baccalaureate-level degree programs in Music Education, Music Therapy, or Music Combined with an Outside Field (50% music content). In those schools, 505 music major students were enrolled in Summer, 1986, 3,910 were enrolled in the Fall, 1986, and 512 students graduated between July 1, 1986 and June 30, 1987.

Chart 3 provides statistics on average enrollments and percentile rankings for specific majors at NASM member institutions.

EXAMPLE: Music Chart 3-2, Bachelor of Music Degree Programs. At the 174 institutions offering an area of concentration in brass, the average enrollment in Fall 1986 was 8. The percentile rankings are also included to provide a framework for comparison.

Chart 4 analyzes the percentage of credit hours (either quarter hours or semester hours) generated by non-music major students.

EXAMPLE: Music Chart 4, Private Institutions, 1-50 Music Majors, Semester Hour System. The average percentage of semester credit hours generated by non-music major students is 58. In other words, over half of small music departments' credit generation is from non-major students. The percentiles of 10, 33, 51, 68, and 88 provide a range of data for comparison.

1986-87

MUSIC FACULTY NUMBERS

Chart 5 to Chart 13 provide a variety of calculations of the number of full-time faculty members. There are two versions of each chart: one for members of NASM and one for non-members. The charts calculate number of faculty members by sex, rank, highest degree earned, academic rank, length of service at the same institution, and tenure status. There is also a chart (12-2) that shows the number of institutions that do not maintain a tenure system.

EXAMPLE: Chart 10-1, Music Faculty by Sex and Length of Service: Institutions Categorized by Type of Support (Members), Private Institutions, Men. At the 144 institutions reporting male faculty members, 272 faculty members have been employed full-time for 1-4 years, 237 have been employed for 5-9 years, and 601 have been employed for 10 years or more at the same institution. These figures are based on a total of 1,110 male faculty members at private institutions, and male faculty members represent 72% of all faculty at schools that reported faculty by sex.

In many of the charts in this section, total columns have more entries than the sum of the men and women columns because some respondents were unable to provide faculty data by sex. For the same reason, the "male" and "female" charts are not all inclusive.

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC FACULTY SALARIES (1986-87) AND PART-TIME FACULTY DATA

Chart 14 to Chart 18 provide data on salaries for faculty members, and more detailed information on part-time faculty members.

Chart 14 to Chart 16 provide salary statistics for the 1986-87 academic year by rank for male (Chart 14), female (Chart 15), and all (Chart 16) full-time faculty members. The charts include lowest and highest individual salaries. They also include information on average institutional salaries: the average and various percentiles. The categories by size and type of institution are for NASM member institutions; non-members are included in a separate category. Salaries are based on a nine-month academic year excluding benefits. For 1987-88 Full-Time Faculty Salary Data, please see Charts 45-47.

EXAMPLE: Chart 15-1, Private Institution, 101-200 Music Majors. Eighteen institutions reported female Associate Professors. Their average salary was $26,133. The lowest individual salary of any female Associate Professor of Music was $13,725 and the highest individual salary was $35,000. The rest of the figures represent percentile rankings of the average salaries for female Associate Professors for institutions in this category.

Chart 17 to Chart 19 provide data on part-time instruction at each school: average number of persons employed, average full-time equivalence (FTE), average part-time salaries, and average percentage of total instructional FTE (full-time and part-time) that is part-time. There are sections for part-time faculty with faculty status (individuals who have a rank and are considered faculty members by the institution), adjunct faculty and teaching associates (individuals without faculty rank who teach at the institution and who are not graduate students), and graduate teaching assistants and teaching associates (graduate students who teach courses at the institution). Chart 17 includes part-time male faculty, Chart 18 is female, and Chart 19 is for all part-time faculty. The categories by size of institution are for NASM members only; non-members are included in a separate category.

EXAMPLE: Chart 19, All Part-Time Faculty, Adjunct Faculty, and Teaching Associates, Private Institutions, 1-50 Music Majors. At 61 institutions with part-time adjunct faculty or teaching associates, the average number of persons is 8.41. The average combined part-time workload of all adjunct faculty or teaching associates at an institution was 7.24. The average salary expenditures for individuals in this category was $2,192, and the adjunct faculty/teaching associates represented an average of 23% of the total instructional FTE.

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC ADMINISTRATIVE

Chart 20 and Chart 21 provide information on salaries for music executives and assistant/associate music executives for the 1986-87 academic year. There are separate charts for salaries based on nine or ten months [Chart 20] and eleven or twelve months [Chart 21]. The charts are for gross yearly salary only and do not include benefits. For 1987-88 salary data, see Charts 48-49.

EXAMPLE: Chart 21, Music Executive, Private Institutions, 201+ Music Majors. Twelve institutions reported music executive salaries based on eleven or twelve months in this category. The average salary was $62,678. The range of salaries from 5%ile to 95%ile was $40,200 to $88,000. Additional percentile figures are also included to analyze the range of salaries.

Chart 22 describes the appointment process for music executives.

EXAMPLE: Chart 22, Private Institutions, 51-100 Music Majors. The 43 institutions reported that 95% of music executives are appointed by the administration, 12% are elected by faculty, and 60% are subject to formal faculty review on the average of every 3 years.

Chart 23 analyzes the average amount of time spent on specific aspects of the job of music executives and assistant/associate music executives.

EXAMPLE: Chart 23, Music Executive, Public Institutions, 101-200 Music Majors. At 60 institutions, the average music executive spends 27% of the time teaching, 6% in research/creative activities, 59% in administration, 5% in service activities, and 2% in fundraising activities. At 10 institutions, the average assistant/associate music executive spends 25% of the time teaching, 6% in research/creative activities, 66% in administration, 2% in service activities and 1% in fundraising activities.

Chart 24 provides data on administrative and staff assistance: secretarial/clerical, library, and professional/technical.

EXAMPLE: Chart 24, Public Institutions, 1-100 Music Majors. At 97 institutions, the average full-time equivalent [FTE] secretarial/clerical staff is 3.83, and average expenses are $16,826. The music library staff at 58 institutions reporting is 3.76 FTE at a branch library in music, 0.80 in the main library, and 0.91 in other libraries, with an annual average expenditure of $11,080. For professional/technical staff, 30 institutions reported an average FTE of 6.04 with and average yearly salary of $19,290.

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC BUDGET

Charts 25-1 to 25-13 provide information on expenses for specific budget categories by size (number of music majors) and type (public or private) of institution. Charts 25-1 to 25-11 include NASM member institutions; Charts 25-12 and 25-13 are for non-members. In all cases, the charts represent average expenses and percentile rankings for various budget categories and totals.

EXAMPLE: Chart 25-1, All Private Member Institution, Computer Services. Forty private institutions included computer services in their 1986-87 music unit budget. The average expense was $9,145. Also included in the chart are percentile rankings: 5%ile ($18), 25%ile ($100), 50%ile ($800), 75%ile ($3,000), and 95% ($25,000).

Charts 26-1 to 26-13 provide information on specific types of income for the music unit by size and type of institution. Charts 26-1 to 26-11 include NASM member institutions only; Charts 26-12 and 26-13 are for non-members. The data included in these charts are not meant to represent total income of the music unit, but instead reflect specific types of income generated specifically for the music unit.

EXAMPLE: Chart 26-3, Private Institutions, 51-100 Music Majors.. In this category, 8 institutions received public grants, the average of which was $103,869. Fifteen institutions received foundation/corporation support specifically for their music unit, with the average amount of $114,932. Thirty-three institutions reported private gifts to the music unit with an average amount of $85,953, and 18 institutions generated income on ticket sales, commissions, and rentals with an average of $12,545. For each category, the percentile rankings are also presented to delineate the range of responses.

DATA SUMMARY
Higher Education Arts Data Services
1986-87

MUSIC RATIOS

Chart 31 to Chart 43 provide further calculations of data derived from the survey. Each chart analyzes two aspects of the music unit's operation in order to make operational and budgetary comparisons.

Chart 31 to Chart 35 divide the various expenses of the music unit by the number of music majors at the institution. This provides a cost per student figure in various categories of budget and also for total budget of the music unit. The data are developed in charts grouping institutions by the highest degree offered in music.

EXAMPLE: Chart 33, Expenses of the Music Unit Per Music Major Student, Faculty/Administrative Travel. At 147 institutions responding, the average ratio of faculty/administrative travel budget to number of music majors is 45. The percentiles are also presented to provide the range of statistics.

Chart 35 to Chart 37 provide semester credit hour and quarter hour production per FTE faculty member (full-time and part-time) (Chart 35), instructional salaries (full-time and part-time faculty salaries) per semester credit hour and quarter hour (Chart 36), and total expenditures per semester credit hour and quarter hour production (Chart 37). There are two parts to each chart: one for institutions with quarter hour systems and one for institutions with semester credit hour systems.

EXAMPLE: Chart 37, Total Expenditures Per Semester Credit Hour, Public Institutions, 1-100 Music Majors. At 74 institutions in this category, the average expenditures per semester credit hour was $148. The percentile rankings are also provided.

Chart 38 to Chart 43 provide ratios using total number of music majors as their bases. Total Expenditures (Chart 38), Per Full-Time and FTE faculty members (Charts 39 and 40 respectively), Average Full-Time, Part-Time, and Instructional Salary (Charts 41, 42, and 43 respectively) are the figures used to develop the ratios. There are two versions of these charts: divided by size and type of institution, and based on the highest degree offered in music.

EXAMPLE: Chart 39, Number of Music Majors Per Full-Time Faculty Member, Highest Degree Offered in Music: Baccalaureate. At 188 baccalaureate degree-granting institutions, the average number of music majors per full-time faculty member is 7.8. The percentile rankings are also provided to develop a range of responses.

DATA SUMMARY
Higher Education Arts Data Services
1988-87

FULL-TIME FACULTY AND ADMINISTRATORS SALARIES:
1987-88

Chart 45 to Chart 49 provide data on salaries for full-time faculty administrators for the 1987-88 academic year. These data, compared with Chart 14 to Chart 16 and Chart 20 and Chart 21 can provide full-time salary trend data with a consistent data base.

Chart 45 to Chart 47 provide faculty salary statistics for the 1987-88 academic year for male [Chart 45], female [Chart 46], and all [Chart 47] full-time faculty members. The charts include lowest and highest individual salaries. They also include information on average institutional salaries: the average and various percentiles. The categories by size and type of institution are for NASM member institutions; non-members are included in a separate category. Salaries are based on a nine-month academic year, exclusive of benefits.

EXAMPLE: Chart 46-1, Private Institutions, 101-200 Music Majors. Nineteen institutions reported female Associate Professors. Their average salary was $27,184. The lowest individual salary of any female Associate Professor of Music was $14,325, and the highest individual salary was $38,080. The rest of the figures represent percentile rankings of the average salaries for female Associate Professors for institutions in this category.

Chart 48 to Chart 49 provide information on salaries for music executives and assistant/associate music executives for the 1987-88 academic year. There are separate charts for salaries based on nine or ten months [Chart 48] and eleven or twelve months [Chart 49]. The data is based on gross yearly salary only exclusive of benefits.

EXAMPLE: Chart 49, Private Institutions, 201+ Music Majors. Thirteen institutions reported music executive salaries based on eleven or twelve months in this category. The average salary was $68,320. The range of salaries from 5%ile to 95%ile was $42,200 to $100,000. Additional percentile figures are also included to analyze the range of salaries.
