Higher Education Arts Data Services

DATA SUMMARIES

1991-92

MUSIC

HEADS Data Summaries in Music for 1991-92 are compilations of data generated from the 1991-92 Annual Reports required of all member institutions of the National Associations of Schools of Music. Also included is information from a group of non-member institutions who volunteered to participate in the HEADS survey.

The data are generally separated by type of institution (public or private). There are also Data Summaries divided by the highest degree granted in music; several Summaries combine all data into a single category.

If you have any questions or comments about the HEADS data system, please call or write:

Higher Education Arts Data Services 11250 Roger Bacon Drive, Suite 21 Reston, Virginia 22090 (703) 437-0700

The Higher Education Arts Data Services (HEADS) project is a joint activity of the National Association of Schools of Music, the National Association of Schools of Art and Design, the National Association of Schools of Dance, the National Association of Schools of Theatre, and the International Council of Fine Arts Deans.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC ENROLLMENT

Chart 1, Chart 2, and Chart 4 provide information on music major enrollment, number of degrees awarded in music, and percentage of credits generated in courses designed for non-music majors.

Chart 1 includes the number of institutions offering a specific major, music major enrollment in specific areas of concentration for Summer 1991 and Fall 1991, and the number of degrees awarded during the period July 1, 1990 to June 30, 1991.

Example: Music Chart 1-2, Bachelor of Music Degree Programs. During 1991-92, 122 institutions offered areas of concentration in Composition, enrolling 830 major students in the Fall, and graduating 123 composition major students between July 1, 1990 and June 30, 1991.

Chart 2 is a synopsis of Chart 1 by size and type of institution. There are three charts: for private institutions, for public institutions, and for all institutions. There is also a figure in each chart for total enrollment (all programs) in that category of institution.

Example: Music Chart 2-9, Public Institutions, 201-400 Majors. Forty schools in this category offer baccalaureate liberal arts degree programs in music. In those schools, 174 music major students were enrolled in Summer 1991, 1,564 were enrolled in the Fall of 1991, and 253 students graduated between July 1, 1990 and June 30, 1991.

Chart 4 analyzes the percentage of credit hours (either quarter hours or semester hours) generated by non-music major students.

Example: Music Chart 4, Private Institutions, Over 200 Majors, Semester Hour System. The average percentage of semester credit hours generated by non-music major students is 22%. In other words, less than one-fourth of large private music departments' credit generation is from non-major students. The percentiles also provide a range of data for comparison.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC FACULTY NUMBERS

Chart 5 through Chart 13 provide a variety of calculations of the number of full-time faculty members. The charts calculate number of faculty members by sex, highest degree earned, academic rank, length of service at the same institution, and tenure status. There is also a chart (12-2) that shows the number of institutions that do not maintain a tenure system.

Example: Chart 10, Music Faculty by Sex and Length of Service: Institutions Categorized by Type of Support, Private Institutions, Men. At the 221 institutions reporting male faculty members, 462 faculty members have been employed full-time for 1-4 years, 393 have been employed for 5-9 years, and 1,103 have been employed for 10 years or more at the same institution. These figures are based on a total of 1,958 male faculty members at private institutions. Male faculty members represent 69% of all faculty at schools that reported faculty by sex.

In many of the charts in this section, total rows have more entries than the sum of the men and women rows because some respondents were unable to provide faculty data by sex. For the same reason, the "male" and "female" charts are not all-inclusive.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC FACULTY SALARIES AND PART-TIME FACULTY DATA

Chart 14 through Chart 19 provide data on salaries for faculty members, and more detailed information on part-time faculty members.

Chart 14 through Chart 16 provide salary statistics for the 1991-92 academic year by rank for male (Chart 14), female (Chart 15), and all (Chart 16) full-time faculty members. The charts include lowest and highest individual salaries, as well as average institutional salaries and the various percentiles. Salaries are based on a nine-month academic year excluding benefits.

Example: Chart 15-2, Full-time Faculty: Female, Public Institutions, 101-200 Music Majors. Fifty-three institutions reported female Associate Professors. Their average salary was \$37,641. The lowest individual salary of any female Associate Professor of Music in this category was \$27,502 and the highest individual salary was \$59,137. The remainder of the figures represent percentile rankings of the average salaries for female Associate Professors for institutions in this category.

Chart 17 through Chart 19 provide data on part-time instruction at each school: average number of persons employed, average full-time equivalence (FTE), average part-time salaries, and average percentage of total instructional FTE (full-time and part-time) that is part-time. There are sections for part-time faculty with faculty status (individuals who have a rank and are considered faculty members by the institution), adjunct faculty and teaching associates (individuals without faculty rank who teach at the institution and who are not graduate students), and graduate teaching assistants and teaching associates (graduate students who teach courses at the institution). Chart 17 includes part-time male faculty, Chart 18 includes part-time female faculty, and Chart 19 covers all part-time faculty.

Example: Chart 19, All Part-Time Faculty, Adjunct Faculty or Teaching Associates, Private Institutions, 1-50 Music Majors. At 88 institutions with part-time adjunct faculty or teaching associates, the average number of persons is 8.11. The average combined part-time workload of all adjunct faculty or teaching associates at an institution was 2.08. The average salary expenditures for individuals in this category was \$2,897, and the adjunct faculty or teaching associates represented an average of 31% of the total instructional FTE.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC ADMINISTRATION

Chart 20 and Chart 21 provide information on salaries for music executives and assistant/associate music executives for the 1991-92 academic year. There are separate charts for salaries based on nine or ten months (Chart 20) and eleven or twelve months (Chart 21). The charts are for gross yearly salary only and do not include benefits.

Example: Chart 21, Music Executive, Public Institutions, 400+ Music Majors. Twenty-three institutions reported music executive salaries based on eleven or twelve months in this category. The average salary was \$79,361. The range of salaries from the 5 percentile to 95 percentile was \$55,950 to \$116,000. Additional percentile figures are also included to analyze the range of salaries.

Chart 22 describes the appointment process for music executives.

Example: Chart 22, Public Institutions, 101-200 Music Majors. Eighty-nine institutions reported that 88% of music executives are appointed by the administration, 40% are elected by the faculty, and 84% are subject to formal faculty review on the average of every three years.

Chart 23 analyzes the average amount of time spent on specific responsibilities of music executives and assistant or associate music executives.

Example: Chart 23, Public Institutions, 1-100 Music Majors. At 115 institutions, the average music executive spends 41% of the time teaching, 7% in research/creative activities, 44% in administration, 6% in service activities, and 3% in fundraising activities. At 11 institutions, the average assistant or associate music executive spends 65% of the time teaching, 4% in research/creative activities, 26% in administration, 2% in service activities, and 1% in fundraising activities.

Chart 24 provides data on administrative and staff assistance: secretarial/clerical, library, and professional/technical.

Example: Chart 24, Public Institutions, 101-200 Music Majors. At 87 institutions, the average full-time equivalent (FTE) secretarial/clerical staff is 1.9 and the average salary expenditure is \$34,522. The music library staff at 57 institutions reporting is 9.9 FTE at a branch music library, 7.4 in the main library, and .5 in other libraries, with an annual average salary expenditure of \$2,976. For professional/technical staff, 50 institutions reported an average FTE of 1.4 with an average salary expenditure of \$40,082.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC BUDGET

Charts 25-1 through 25-11 provide information on expenses for specific budget categories of music departments by size (number of music majors) and type (public or private). Charts 25-1 to 25-5 include private institutions, Charts 25-6 to 25-10 include public institutions, and Chart 25-11 covers all institutions. In all cases, the charts represent average expenses and percentile rankings for various budget categories and totals.

Example: Chart 25-1, All Private Institutions, Specific Instructional, Operational, and Performance Expenses, Faculty/Professional Travel. Two hundred private institutions included faculty/professional travel in their 1991-92 music unit budget. The average expense was \$7,704. Also included in the chart are percentile rankings: 5 percentile (\$600), 25 percentile (\$1,500), 50 percentile (\$3,000), 75 percentile (\$6,525), and 95 percentile (\$23,150).

Charts 26-1 through 26-11 provide information on specific sources of income for the music unit by size and type of institution. Charts 26-1 through 26-6 include private institutions, Charts 26-7 through 26-10 include public institutions, and Chart 26-11 covers all institutions. The data included in these charts are not meant to represent the total income of the music unit, but instead reflect specific types of income generated specifically for the music unit.

Example: Chart 26-6, All Public Institutions. In this category, 97 institutions received public grants, the average of which was \$93,928. One hundred thirty-two institutions received foundation/corporation support specifically for their music unit, with an average amount of \$24,763. One hundred ninety-two institutions reported private gifts to the music unit with an average amount of \$101,041, and 181 institutions generated income from ticket sales, commissions, and rentals with an average of \$33,058. For each category, the percentile rankings are also presented to delineate the range of responses.

Higher Education Arts Data Services DATA SUMMARY 1991-92

DEMOGRAPHIC SURVEY OF MUSIC GRADUATE STUDENTS

Chart 27 and Chart 28 provide demographic information about doctoral students in music. Chart 27 includes doctoral students who graduated in 1990-91. Chart 28 includes doctoral students who were enrolled but did not graduate in 1990-91.

Example: Chart 27, Music Education Majors. Twenty-seven institutions graduated a total of 88 doctoral students in music education in 1990-91. Among the graduates were 5 Black Non-Hispanic males, 5 Black Non-Hispanic females, 1 Asian/Pacific Island female, 3 Hispanic males, 1 Hispanic female, 44 White Non-Hispanic males, and 29 White Non-Hispanic females.

Higher Education Arts Data Services DATA SUMMARY 1991-92

MUSIC RATIOS

Charts 35 through 40, and Chart 43 provide further calculations of data derived from the survey. Each chart analyzes two aspects of the music unit's operation in order to make operational and budgetary comparisons.

Chart 35 through Chart 37 provide semester credit hour and quarter hour production per FTE faculty member (full-time and part-time) (Chart 35), instructional salaries (full-time and part-time faculty salaries) per semester credit hour and quarter hour (Chart 36), and total expenditures per semester credit hour and quarter hour production (Chart 37). There are two parts to each chart: one for institutions reporting semester credit hour systems and one for institutions reporting quarter credit hour systems.

Example: Chart 37, Total Expenditures Per Semester Credit Hour, Public Institutions, 1-100 Music Majors. At 94 institutions in this category, the average expenditures per semester credit hour was \$286. The percentile rankings are also provided.

Charts 38 through 40, and Chart 43 provide ratios using total number of music majors as their bases. Total Expenditures Per Music Major Student (Chart 38), Number of Music Majors Per Full-Time and FTE Faculty Members (Charts 39 and 40 respectively), and Average Instructional Salary (Chart 43) are the figures used to develop the ratios. Each of these charts is presented in two versions: one covers institutions divided by size and type, and the other is based on the highest degree offered in music.

Example: Chart 39, Number of Music Majors Per Full-Time Faculty Member, Highest Degree Offered in Music: Baccalaureate. At 253 baccalaureate degree-granting institutions, the average number of music majors per full-time faculty member is 8.7. The percentile rankings are also provided to develop a range of responses.

Higher Education Arts Data Services DATA SUMMARY 1991-92

ETHNIC CHARACTERISTICS OF FACULTY AND STUDENTS

Charts 60 and 61 provide information on the ethnic breakdown of faculty by rank, and students by degree level.

Example: Chart 60, Assistant Professor. Of 454 institutions reporting a total of 2,020 Assistant Professors, 90 are Black-Non-Hispanic males representing 4.5% of the total faculty, 36 are Black-Non-Hispanic females representing 1.8% of the total faculty, 4 are American Indian/Alaskan males representing 0.2% of the total faculty, 2 are American Indian/Alaskan females representing 0.1% of the total faculty, 13 are Asian/Pacific Island males representing 0.6% of the total faculty, 13 are Asian/Pacific Island females representing 0.6% of the total faculty, 20 are Hispanic males representing 1.0% of the total faculty, 6 are Hispanic females representing 0.3% of the total faculty, 1,243 are White-Non-Hispanic males representing 61.5% of the total faculty, 593 are White-Non-Hispanic females representing 29.4% of the total faculty.
